This site started as a home for [Uncle Fester's Basic FreeNAS Guide](#). In time, it may expand to house other user-generated documentation for FreeNAS.

Please note that I did not write this guide. It was written by user “[UncleFester](#)” from the FreeNAS forums. I've made a few edits and wiki-fied the guide, but it's his work, not mine.

Since then, I've added some more [advanced information](#).

Note

I've recently had to delete several hundred spam accounts from before I implemented better registration controls. If I inadvertently deleted your legitimate account, my apologies—please register again.
